The Future of Men and Women

-Many in my office dive into Speed Dating.

-My head spins at that!

-Inner physical and emotional gnawing
apparent only in flashes!

-Order, however speedy, layered on chaos!

-That’s only participants’ stake. What’s Society’s?

-Ultimately, Babies!

-Day After Tomorrow’s Workers?

-Nah! Robots’ll handle all that! But Consumers?
Jah wohl!

-You may be onto something. At any rate,
earned a stroll into my Quiet Room.

...

-You can hear yourself think here...awful!

-Like the madding crowd do you?

-It mads me--in a good way!

-Enough trivial salad! Meat!

-Like, *soive* me a slab!

-A Robot Congressman! For eleven years now!

-Republican, naturally.

-Had to be! Not enough algorithms to penetrate that other mess!

-But will be! How long before whole government robots?

-Soon! Robots' Think Tank already working up a new Constitution.

-Can I keep my guns?

-Sure, only other humans in danger there.
